

Fencing

Santa Clara Adult Education

Worksheet Four - Beginning

Reading Assignment pp. 33-37 (Sec. Nos. 34-40) from *The Science of Fencing*

Chapter Five

1. Define defense. How is each form of defense named? What are the advantages or disadvantages of both forms? Which form is more efficient? (Sec. No. 34)
2. What are parries? How many kinds of parries are there? What are their names? (Sec. No. 35)
3. What are simple parries? How many are there, what are their names, and which target areas do they protect? (Sec. No. 36)
4. What is the riposte? (Sec. No. 39)
5. To where can the simple riposte be directed after each of the parries? (Sec. No. 40)
